NOTE: This certificate has no monetary or legal value. It is a graphic replica of stock once issued in 1923.

This is a PDF file that is formatted for a letter sized sheet of paper. Print out this 1923 Green Bay Packer replica stock certificate on your own desk top printer and display with pride.

**DIY Tips:**

- STEP 1: Print it on "antiqued" paper (found at any office supply store)
- STEP 2: Add your signature or calligraphy (to the line "This Certifies that") to your printout.
- STEP 3: Fold your printout to match FOLD marks (maybe even "crunch" the paper a touch to make it look aged) and trim paper at the dotted line.
- STEP 4: Frame it and it'll look and feel like the real thing! *Pretty neat in any Packer den!*
